

The Thirteenth International Conference on
"Hyperbolic Problems: Theory, Numerics, Applications"

June 15-19, 2010

Xijiao Hotel, Beijing, P.R. China

The thirteenth International Conference on "Hyperbolic Problems: Theory, Numerics and Applications" (HYP2010) will be held at the Xijiao Hotel, Beijing on June 15-19, 2010. The objective of this conference is to bring together researchers, practitioners and students with interest in theoretical analysis, numerical simulations, and applications of hyperbolic PDEs and related mathematical models appearing in the area of applied sciences. The conference will keep the traditional balance of the HYP series, blending theory, numerics and applications. In addition, additional new attracting points are also taken into granted.

Further information about the conference website and the related can be available very soon.

Contacting address: hyp2010@amss.ac.cn

Looking forward to seeing you in Beijing,

Daqian LI (Co-Chair) and Song Jiang (Co-Chair)

On behalf of the HYP2010 Organizing Committee

Daqian LI (Co-Chair, Fudan University)

Song Jiang (Co-Chair, Institute of Applied Physics and Computational Mathematics)

Feimin Huang (Chinese Academy of Sciences)

Hai-Liang LI (Capital Normal University)

Yaguang Wang (Shanghai Jiao Tong University)

Huijiang Zhao (Wuhan University)

Changjiang Zhu (Central China Normal University)
